

Cloudrise Discord Rules

1] RESPECT

Disrespect of any kind is not tolerated, including harassment, bullying, threats, hate speech, racism, sexism, or any discrimination. Treat others the way you want to be treated. Targeting someone personally, including via memes, DMs, or pings, is also considered a violation.

2] PROFANITY

As Discord is a 13+ platform, mild swearing is acceptable, but offensive, targeted, or excessive swearing is prohibited. Avoid slurs or language that could be interpreted as harmful or insulting.

3] CONFLICTS

Keep arguments, drama, or disagreements out of public channels. If an issue arises, handle it privately and respectfully, or contact a moderator if needed. Provoking fights or stirring drama is not allowed.

4] ETIQUETTE

No spamming, excessive caps, or flooding messages. Do not raid, post copypastas, or use bots/voice changers to disrupt the server. Avoid loud/bass-boosted soundboards or disruptive audio in voice channels. Keep content and conversation appropriate for the server's theme.

5] SAFETY

Sharing personal information; including full names, addresses, phone numbers, or other private details, is strictly prohibited. Asking for someone else's personal information is also prohibited. This applies in public channels and DMs.

6] IMPERSONATION

Do not pretend to be staff, other members, or anyone else online. Avoid using similar usernames, avatars, or profile pictures with intent to confuse or deceive.

7] NSFW

NSFW content, including images, text, or links, is strictly forbidden. As Discord is a 13+ platform, light jokes will be tolerated, but content that could be interpreted as sexual or graphic is not allowed. Always think before you post.

8] LOOPHOLES

Trying to bypass or exploit the rules is prohibited. Attempts to use vague wording, bots, or workarounds to break rules will be treated as a violation.

9] TERMS

Follow Discord's and Roblox's Terms of Service at all times. This also includes Discord's age restrictions. Make sure to check the restrictions in your country.

--> **Discord:** <https://discord.com/terms>

10] MEDIA AND LINKS

Do not post harmful, illegal, or pirated content. External links must be safe and appropriate; moderators may remove suspicious or unsafe links.

11] VOICE CHANNELS

Respect others in voice channels; no shouting, trolling, or unnecessary background noise.
